EXPERIENCE

Design Co-Lead | NC State - Design for ImpACt, Raleigh, NC AUGUST 2023 - NOVEMBER 2023

- Led a team of 5 students from universities across the country, most with no design background, to design a solution that encouraged longevity for people with limited mobility.
- Managed team meetings and assigned duties and goals.
- Worked on ideation, 3-D modeling, renders, storyboarding, and built and tested prototypes.
- Interviewed and validated concepts with potential users.

Industrial Design Intern | 3M, Virtual JUNE 2022 - DECEMBER 2022

- Collaborated with teams on several projects within an interdisciplinary environment.
- Projects involved concept visualization, form development, storyboarding, and problem-solving within Healthcare through oral care solutions, medical devices, wound care, and sustainable packaging.
- Designed trophy for the HCBG Design Awards.
- Built slide deck presentation for CES 2023.

Research Manager | SCADpro - Sponsored Course with Colart, Atlanta, GA

SEPTEMBER - NOVEMBER 2021

- We partnered with art supplies distributor, Colart over 10 weeks to design innovative solutions to their company challenges.
- Directed sustainable materials research.
- Worked with classmates to design an innovative and sustainable packaging solution.

Student Representative | Savannah College of Art and Design (SCAD), Atlanta, GA

FEBRUARY 2019- JUNE 2022

- Promoted the college through interaction with prospective students.
- Led group and individual tours, answer questions, and assist visitors.
